The have definitive versions of the earliest material, the pre-EMI recordings, massive complete and chronological versions of all their albums and a whole series of live collections.. Let other sites link to those (I'm guilty of the latter, of course, because I shared the Rock Band stem files before they were taken down.. The Beatles Mono Box, 1964 Beatles For Sale Beatles mono box – shared files results.. An average album takes me about 20 minutes I've paid the subscription before which allows you to download multiple files a LOT faster, and I've never had an issue with the billing or anything.. It's fine to link to Blogger sites (or others) which discuss rare and unreleased recordings, and which themselves provide download links.. Let's be grown up and not pretend these things are out there I think it's OK for someone to say 'Here's a link to an interesting alternative mix I've found!' , but quite different for someone to share masses of stuff they've uploaded and to turn the forum into a trading post (which might get me suspended or shut down).

Or you can just punch in your favourite album and see the results. I don't want to see direct download links to Mega, Rapidshare, Demonoid, Pirate Bay and so on.. That also includes things like Soundcloud or YouTube uploads that might not be entirely legit.. If there are websites that are good resources for bootlegs, I don't really mind people linking to them.. Just install it Now that you're ready to unpack, just open the rar file and drag the folder inside to your desktop.. Once it's done, you'll need to unpack the rar files If you don't already have an unpacking program, just go find 'Winrar'.. To download, you get redirected to one of those 'megaupload'-type places You can download for free, but you're limited to one download a day and it's fairly slow.

Never mind) Obviously nothing commercially-available should be shared Respect copyright holders.. If you want to try for free, go to the link and the download button is on the bottom..
